

24 July 1970

Honorable John Stennis
United States Senate
Washington, D. C. 20510

Dear Senator Stennis:

The Director thought you might be interested in the attached paper which we are sending to [redacted] Manager, Special Projects, Mississippi Research and Development Center.

[redacted] wrote to Mr. Helms explaining that as a former intelligence officer he was familiar with studies prepared by this Agency known as National Intelligence Surveys (NIS). He said that in his present work of surveying the resources of Mississippi it occurred to him that the format and arrangement of these NIS's might serve as a guide, and he asked if we could provide him with an outline for this purpose. This we were glad to do, and the Director thought you might be interested in seeing a copy of what we sent him.

Sincerely,

[redacted]
John M. Maury
Legislative Counsel
